

Policy Code: 4309 Student Behavior – Code of Student Conduct

A. Philosophy and Goals

A safe, orderly, and welcoming school environment is essential for student learning. To that end, this Code of Student Conduct is intended to (1) create clear standards and expectations for student behavior; (2) promote integrity and self-discipline among students; (3) encourage the use of behavioral supports and interventions as alternatives to exclusionary discipline; and (4) provide clear guidance to teachers and administrators as to how, when, and to what extent students may be disciplined for violating conduct rules.

Consistent with these goals, the Board endorses and adopts the following general principles relating to three key domains of student behavior and conduct.

Principle 1: Climate and Prevention

Schools that foster positive school climates can help to engage all students in learning by preventing problem behaviors and intervening effectively to support struggling and at-risk students.

Principle 2: Expectations and Consequences

Schools that have discipline policies or codes of conduct with clear, appropriate, and consistently applied expectations and consequences will help students improve behavior, increase engagement, and boost achievement.

Principle 3: Equity and Continuous Improvement

Schools that build staff capacity and continuously evaluate the school's discipline policies and practices are more likely to ensure fairness and equity and promote achievement for all students.

B. Role of Staff, Students, Parents, and Community Partners in Promoting Positive School Climates

Positive school climates require ongoing support and collaboration among staff, students, parents, and the community at large. In particular:

- Students have the right to attend school in a safe and orderly environment and to have conduct rules applied fairly to them without regard to race, gender, religion, disability, or other defining characteristics. They also bear the responsibility to understand conduct rules, behave appropriately, and be individually accountable for their own actions and decisions.
- Parents or legal custodians have the right, in a reasonably prompt manner, to be informed of disciplinary actions taken with their children. They are encouraged to

support their children in engaging in positive behaviors at school and to partner with teachers and administrators on effective strategies to correct misbehaviors within the parameters of this Code and other applicable policies.

- Teachers and administrators have statutory duties to maintain safety and order at school and are expected to reinforce and implement clear and consistent behavioral expectations consistent with this Code and other applicable policies. They are also expected to teach and encourage good citizenship and to communicate with parents regarding any serious or persistent behavioral issues. As an integral part of its educational mission, each school should identify school-wide behavioral expectations, make them known to students, and link behavioral and social-emotional practices to core instruction, with data-based monitoring and assessments tied directly to the skills taught.
- The entire community has a vested interest in safe and orderly schools. Community organizations and individual members of the community are encouraged to offer support and assistance to teachers and administrators in the promotion of positive student behaviors at school and to provide feedback to school and central office administrators on ways to improve school climates and help ensure fair and equitable discipline practices.

These rights and obligations are interrelated, but they are also independent. Thus, for example, student failure to abide by specific behavioral rules do not excuse the failure of school staff to take reasonable measures to nurture and support a generally positive and supportive school climate. Similarly, shortcomings in administrator or parent efforts to support and encourage positive student behaviors do not excuse student violations of specific behavioral rules. To create and maintain the safe, orderly, and positive climate that the entire school community deserves, all stakeholders must work together while remaining individually accountable for their own actions and should strive for continuous improvement over matters within their respective control.

C. Applicability of Code

All students shall comply with this Code as well as all state and federal laws, school board policies, and local school rules governing student behavior and conduct. This Code applies to any student who is on school property (including school transportation), who is in attendance at school or at any school-sponsored activity, or whose conduct at any time, place, or cyberspace, on or off campus, has or is reasonably expected to have a direct and immediate impact on the orderly and efficient operation of the schools or the safety of individuals in the school environment.

D. Corporal Punishment Prohibited

The Board strictly prohibits all forms of corporal punishment. For purposes of this policy, corporal punishment is the intentional infliction of physical pain upon the body of a student as a disciplinary measure. It includes, but is not limited to, spanking, paddling, and slapping. No administrator, teacher, substitute teacher, student teacher, bus driver, or other employee, contractor, or volunteer may use corporal punishment to

discipline any student. Violations of this prohibition may result in disciplinary action, up to and including dismissal. Reasonable force that is necessary to protect oneself or others is not considered corporal punishment ([G.S. 115C-390.3](#); [-391.1](#)).

E. Interventions, Supports, and Responses to Behavioral Concerns

Multi-Tiered System of Support

Teachers and principals will utilize a Multi-Tiered System of Support (MTSS) for behavioral interventions and responses to promote positive changes in student behavior. By utilizing MTSS, school staff engage in data-based problem solving using academic, behavioral, and social-emotional data to identify reasons why particular students may be experiencing significant academic and/or behavioral challenges. Designated central office staff will provide ongoing training and support to school-based staff in the development, implementation, and monitoring of district-approved MTSS protocols. Data and analysis on the effectiveness of these measures will be shared periodically with the Board.

Notification to Parents

When a significant behavioral intervention (beyond mere redirection or warning) is imposed, the school will attempt to notify the parent or legal custodian in a reasonably prompt manner. The school will also attempt to notify the parent or legal custodian of any in-school disciplinary consequence that results in removal from normal classroom or school activities. This includes lunch or after-school detention, in-school suspension, or suspension from school-sponsored extracurricular activities. For out of school suspensions, the administration will provide formal written notice to parents or legal custodians as required by the Board's "Due Process" policy.

After-school detention may preclude a student from using bus transportation or create other transportation difficulties. If a school principal deems it appropriate to require a student to stay after school for detention for a disciplinary reason, the principal may authorize such detention only if the parent or guardian has received at least one day's notice and has agreed to assume responsibility for transportation home.

Range of Interventions and Consequences

When student behaviors interfere with a safe, orderly, and respectful school environment where instruction and learning can flourish, schools should consider (consistent with MTSS protocols) a range of potential interventions and consequences to address the problematic behavior and to reinforce positive behaviors. When feasible, taking into account the specific facts and circumstances of each individual case, schools are encouraged to implement *non-disciplinary* behavioral interventions. Non-disciplinary interventions are responses to problematic behaviors that attempt to support students in learning to make more positive choices, minimize exclusion from instruction and other normal school activities, and do not result in a loss of privileges. Examples of non-

disciplinary interventions include, but are not limited to: (1) student-parent-teacher or student-parent-administrator conferences; (2) behavior contracts; (3) reward systems; (4) oral or written warnings; (5) referrals to school counselors; (6) referrals to programs or agencies that support at-risk students; (7) peer mediation; and (8) restorative justice practices. Teachers and administrators are encouraged to solicit the assistance of designated school-based or central office staff in developing appropriate responses and interventions in specific cases.

Only when non-disciplinary interventions are, in the discretion of responsible school officials, deemed unlikely to be sufficiently effective to promote the goals outlined in this policy should *disciplinary consequences* be considered. Disciplinary consequences may be “exclusionary” or “non-exclusionary.” *Exclusionary* discipline consequences are responses to problematic behaviors that expressly exclude a student from instructional time for more than a brief interval (as may be needed, for example, to question a student during a disciplinary investigation). Examples include in-school suspension, out-of-school suspension, and expulsion. *Non-exclusionary* discipline consequences are responses that result in a loss of privileges or imposition of other consequences that do not include exclusion from instructional time. Examples may include, when appropriate (1) lunch or after-school detention; (2) school or community service; or (3) restitution.

Recognizing that exclusionary discipline can exacerbate behavioral problems, diminish academic achievement, and hasten school drop outs, the Board urges schools to use non-exclusionary measures when feasible and to reserve exclusionary discipline for more serious misconduct, such as behavior that threatens the safety of students, staff, or visitors or threatens to substantially disrupt the educational environment.

F. Special Requirements for Out-of-School Suspension and Expulsion

Out-of-school suspension and expulsion are allowed only if specifically authorized by this Code and the Board’s “Due Process” policy. Except to the extent that North Carolina law requires school administrators to recommend a 365-day suspension for any student who violates Rule IV-1 Firearm/ Destructive Device K-12, this Code authorizes, but does not require, the use of out-of-school suspensions.

In addition to the notice and due process requirements set out in the “Due Process” policy, administrators must adhere to the following requirements before imposing or recommending any out-of-school suspension or expulsion:

- When deciding whether to recommend a long-term suspension (suspension of more than ten [10] days) or determining the specific length of any short-term suspension or long-term suspension recommendation, principals may consider any relevant “aggravating” or “mitigating” factors of which they are aware. “Aggravating” factors are factors that tend to increase the seriousness of a disciplinary infraction. “Mitigating” factors are factors that tend to decrease the seriousness of disciplinary infraction. Aggravating and mitigating factors are

“relevant” when, in the judgment of responsible school officials, they have a bearing on the student’s level of responsibility for the behaviors in question. When both aggravating and mitigating factors are present, principals should exercise their discretion in weighing and balancing them.

- Suspensions of more than ten (10) days may be imposed only if they have been approved by the Superintendent or designee and the student has been offered the opportunity for a hearing under the Board’s “Due Process” policy. Expulsion from school based on a recommendation of both the principal and the Superintendent must be approved by the Board.
- In determining the length of a suspension, the principal should consider that the duration of a suspension has a disproportionate impact on students attending a school on block schedules.
- Nothing in this policy shall be interpreted to conflict with state and federal laws governing students with disabilities.
- Students in grades K-5 shall not be subject to long-term suspension except as required by law or in cases involving serious injury to students or staff or serious threat to safety or welfare of members of the school community.

G. Levels of Code

The Code of Student Conduct rules are leveled according to the seriousness of the behaviors and range of potential disciplinary consequences.

Level I: Level I rule violations can generally be addressed with non-disciplinary interventions or non-exclusionary discipline consequences. Except in the very limited circumstances described in Rule II-20, Level I rule violations may not result in out-of-school suspension.

Level II: Level II rule violations involve more serious misconduct that may warrant short-term suspension of up to five (5) school days when, in the judgment of the principal or designee, non-disciplinary interventions and non-exclusionary discipline consequences are insufficient to address the behavior and prevent its recurrence. Principals may impose a short-term suspension of six (6) to ten (10) days or recommend a long-term suspension of eleven (11) days or more based on one or more aggravating factor(s) regarding the severity of the violation and/or safety concerns, provided such aggravating factor(s) are listed in the written suspension notice.

Level III: Level III rule violations are more severe in nature and may support long-term suspension. The principal may impose a short-term suspension of ten (10) days or less or decline to impose any suspension based on mitigating factors.

Level IV: The only rule in Level IV is one that reflects a statutory prohibition on the possession of a “firearm” or “destructive device” (as defined in the rule) on school property or at a school-sponsored event. State law requires principals to recommend a 365-day suspension for all violations of this rule. Only the

Superintendent or Board of Education may modify this outcome. A level IV violation is always extremely serious and is treated as such.

Level V: Level V allows for permanent expulsion of a student from the Wake County Public School System for violation of one or more Level II, III, or IV rules in this Code if the following criteria are met: (1) the student is fourteen (14) years old or older; (2) both the principal and the superintendent/designee recommend expulsion; (3) the superintendent and Board determine, consistent with the Board's "Due Process" policy, that there is a significant or important reason not to offer the student alternative educational services; and (4) the Board determines, by clear and convincing evidence, that the student's continued presence in school constitutes a clear threat to the safety of other students or school staff. Additionally, any student who is registered as a sex offender under [Article 27A of Chapter 14 of the North Carolina General Statutes](#) may be expelled in accordance with these procedures. If such a student is offered alternative education services on school property, the student must be under the supervision of school personnel at all times.

H. Rules of Conduct

LEVEL I

I-1 Compliance with Directives: Students shall comply with all lawful and reasonable directives of school employees, including but not limited to directives to identify oneself, to remove oneself from a dangerous or disruptive situation, or to report to a designated person or location.

I-2 Mutual Respect: Mutual respect is expected between students and staff. Students will refrain from words (written or oral) and/or gestures that demean, degrade, antagonize, or humiliate a school employee, volunteer, visitor, or other student(s). Examples may include ridiculing, cursing at, or aggressively or angrily shouting at an employee, volunteer, visitor, or other student(s).

I-3 School/Class Attendance: Students will attend school each school day except in the case of excused absences. Students will be on time to school and on time to class, will refrain from entering unauthorized areas, and will remain at school and in the designated locations for the duration of each school day unless excused.

I-4 Appropriate Language: Cursing or use of vulgar, profane, or obscene language, oral or written, is prohibited. If such language is directed at a school employee, volunteer, visitor, or other student(s), such conduct should be treated under Rule I-2.

I-5 Student Dress Code: Student dress will adhere to the standards set out in the [Student Dress Code](#) policy.

I-6 Electronic Devices: Personal technology devices (including, but not limited to smart phones, tablets, and laptops) may be used by students for instructional purposes with the permission and under the supervision of the teachers in compliance with the Technology Responsible Use policy. The use of personal technology devices to engage in misconduct (e.g., bullying, harassment, or threats) may result in consequences under rules in this Code. Malicious or intentionally destructive use of technology devices or resources (e.g., hacking, password theft, or introduction of viruses) may result in consequences under Rule II-3. The school system assumes no responsibility for personal technology devices brought to school.

I-7 Trespassing: Students shall not be on the campus of any school except the one to which the student is assigned without the knowledge and consent of the officials of that school. Students who remain at school after the close of the school day or come onto school grounds when school is not in session without permission will be considered trespassers. If the student does not leave when instructed to do so, he/ she may be prosecuted. A student under suspension from school is trespassing if he/she appears on the property of any school or at any school sponsored activity during the suspension period without the express permission of the principal. Students who trespass on school property to engage in other forms of misconduct (e.g., fighting/physical aggression or theft) may be subject to consequences under other applicable rules in this Code, and the act of trespassing may be considered an aggravating factor.

I-8 Tobacco, Vaporizers, and Nicotine Products: Student health and well-being is of the highest priority. For this reason, no student shall violate the Board's "Use of Tobacco and Nicotine Products" policy. Students are specifically advised that this policy prohibits vaporizers and liquids used in vaporizers even if they do not contain tobacco or nicotine.

I-9 Gambling: Students shall not participate in any unauthorized games of chance in which money or items of value may be won or lost.

I-10 Integrity: Students are expected to be honest and forthright with school staff and volunteers. Lying, intentionally misleading, and actively concealing the truth from staff and volunteers are prohibited. Dishonest acts or statements that violate other rules in this Code may result in consequences under those other rules. Integrity may also be considered as an aggravating factor in connection with other forms of misconduct.

I-11 Honor Code: All students are expected to adhere to the academic [Honor Code](#) policy. Disciplinary consequences for violations of this policy will typically be consistent with Level I violations. However, serious violations of the [Honor Code](#) may be addressed under Rule II-1 Falsification or Deceit.

LEVEL II

II-1 Falsification or Deceit: Intentional acts of falsification or serious deceitful misconduct that threaten the health, safety, or welfare of others, or that cause a substantial detrimental impact on school operations or other individuals, are prohibited.

II-2 Inappropriate, Illustrations Images, or Other Materials: The possession of illustrations, audio or video recordings, written materials, graphics, or other print or digital documents, media, or files which significantly disrupt the educational process or which are profane, pornographic, or obscene is prohibited.

II-3 Hacking and Unauthorized Computer Access: Students will comply with all state and federal laws and regulations governing access to computers, computer networks, stored data, passwords, and other technology systems and resources and will refrain from all forms of computer or network “hacking,” whether criminal or not. Any willful or knowing effort to obtain unauthorized access; to steal; to maliciously alter, modify, or destroy; to introduce viruses; or otherwise to cause harm to any such computer, computer network, stored data, or other technology resource is a violation of this rule.

II-4 Substantially Disruptive or Dangerous Behavior: Students will not make oral or written statements or intentionally engage in conduct that, despite efforts by staff to intervene or redirect the behavior, (1) substantially disrupts the educational environment or (2) threatens the health, safety, or welfare of staff or students. Statements or conduct that “substantially disrupt” the educational environment may include, for example, intentionally blocking entrances or exits or obstructing the flow of traffic within or outside of the school building, intentionally interfering with or interrupting school activities such that teaching and learning are compromised, or engaging in loud or boisterous conduct that significantly distracts others from peaceable and orderly school activities.

Words or conduct that would otherwise be a Level I violation (e.g., failure to comply with directives or unacceptable language) may also constitute a violation of this Level II rule if they (1) persist directly following attempts by staff to intervene or redirect the behavior and substantially disrupt teaching, learning, or the orderly conduct of school activities or (2) inherently threaten the health, safety, or welfare of staff or students. Examples include, but are not limited to, continuing to shout or use profanity directly after intervention or redirection, continuing to engage in disruptive rough-housing or horseplay directly after intervention or redirection or in a manner that is reasonably likely to cause injury, or throwing objects directly after intervention or redirection or in a manner that is reasonably likely to cause injury.

II-5 School Transportation Disturbance: Disturbances on school buses or other transportation vehicles or near streets at school bus stops can put many students at risk. Any physical or verbal disturbance which occurs on school transportation

vehicle or at a bus stop and which interrupts or interferes with the safe and orderly operation of the vehicle or otherwise puts others at risk of harm is prohibited.

II-6 False Fire Alarm or Reported Emergency: Smoke and fire alarms and other emergency systems are vital for the safe operation of schools and must not be tampered with. No student shall set off, attempt to set off, or aid and abet anyone in giving a false fire alarm. No student shall interfere with or damage any part of a fire alarm, fire detection, smoke detection, fire extinguishing system, or emergency escape system.

II-7 Fire Setting/Incendiary Material: Fires and fire-setting materials pose a risk of harm to everyone in the school environment. The possession of any incendiary material (including but not limited to matches, lighters, or lighter fluid) or the use of any material reasonably likely to result in a fire on school property is prohibited.

II-8 Property Damage: Students shall not intentionally damage or deface or attempt to damage or deface any school property or the personal property of another.

II-9 Theft: Students shall not steal, attempt to steal, or knowingly be in possession of stolen property.

II-10 Extortion: Students shall not obtain or attempt to obtain money, property, or other items of value or compel another person to take action or refrain from action against that person's will by means of force, intimidation, or threat.

II-11 Indecent Exposure/Sexual Behavior: Students shall not engage in behavior, whether consensual or non-consensual, which is lewd, indecent, or of a sexual nature.

II-12 Harassment/Bullying: Students shall not engage in conduct prohibited by the Board's "Prohibition against Discrimination, Harassment, and Bullying" policy.

II-13 Sexual Harassment: Students shall not engage in conduct prohibited by the Board's "Prohibition against Discrimination, Harassment, and Bullying" policy.

II-14 Threat/False Threat: Students shall not make any threat through written or verbal language, sign, or act which conveys a serious expression of intent to cause harm or violence. Furthermore, no student shall make a false threat of harm or violence, even jokingly, which causes or is reasonably likely to cause fear or a disruption to school activities.

II-15 Physical Aggression/Fighting: Physical aggression toward and fighting with students, staff, or visitors are prohibited. A student who is attacked may use reasonable force in self-defense, but only to the extent necessary to get free from

the attack and notify proper school authorities. A student who exceeds reasonable force may be disciplined even though someone else provoked or initiated the fight.

The prohibition on fighting and physical aggression includes, but is not limited to:

- a. Choking, hitting, slapping, shoving, scratching, spitting, biting, blocking the passage of, or throwing objects at another person in an aggressive, confrontational or dangerous manner.
- b. Taking any action or making comments or writing messages that might reasonably be expected to result in a fight or physical aggression.

II-16 Report Firearm or Destructive Device: Any student who has reason to believe that another student possesses or intends to bring a “firearm” or “destructive device,” as defined in Rule IV-1, onto any school campus or to any school activity shall report this information to school or law enforcement authorities immediately.

II-17 Hazing: No group or individual shall require a student to wear abnormal dress; play abusive or ridiculous tricks on him or her; or frighten, scold, beat, harass, or otherwise subject him or her to personal indignity as a condition of inclusion in group or as a ritual associated with group membership. Hazing is prohibited even if the person hazed consents to the conduct.

II-18 Search and Seizure: Students may not refuse to allow and may not seek to impede any search or seizure of their person or belongings that is authorized under the Board’s “Student Searches” policy.

II-19 Aiding and Abetting: Students shall not assist or facilitate others in violating any Level II, III, or IV rule in this Code.

II-20 Repeated / Willful Violations of Level I Rules: A student may be subject to out-of-school suspension of up to two (2) days under this Rule for repeated, willful violations of any Level I rules, but only if (1) the school has documented at least three prior violations of the same Level I rule prior within the same academic semester; (2) appropriate MTSS non-disciplinary interventions have been attempted and documented with each of those last three violations; and (3) school administrators have contacted the student and parent to warn them of the possibility of out-of-school suspension before the final incident that leads to the suspension.

LEVEL III

III-1 Narcotics, Alcoholic Beverages, Controlled Substances, Chemicals, and Drug Paraphernalia: Drugs and alcohol present serious risks of harm to all persons, especially adolescents, and drug and alcohol overdoses and abuse

result in well over 100,000 deaths each year in the United States alone. Addiction can start slowly and take hold before a person realizes he or she is addicted. It can destroy relationships, shatter dreams and ambitions, and lead to imprisonment, brain damage, disfiguring injury, and death. Students who are struggling with addiction or who are tempted or feeling pressured to use intoxicating drugs or alcohol are urged to seek help immediately from a parent, teacher, counselor, administrator, or other trusted adult. No student will face disciplinary consequences for coming forward, proactively, to seek help while not in possession of or under the influence of contraband.

That said, the Board has a solemn duty to adopt policies that are reasonably designed to keep its school and students safe. To that end, the Board strictly prohibits all narcotics, alcoholic beverages, unauthorized prescription drugs, and similar substances at schools and school-sponsored activities. Specifically, no student shall possess, use, distribute, sell, possess with intent to distribute or sell, conspire or attempt to distribute or sell, purchase, or be under the influence of any narcotic drug, opioid, hallucinogen, amphetamine, barbiturate, marijuana or cannabis product, anabolic steroid, controlled substance, alcoholic beverage, drug paraphernalia, counterfeit substance, unauthorized prescription drug, or any other chemical or product with the intention of bringing about a state of exhilaration, euphoria, or of otherwise altering the student's mood or behavior. The proper use of a drug authorized by valid medical prescription from a legally authorized health care provider shall not be considered a violation of this rule when the drug is taken by the person for whom the drug was prescribed.

The following definitions apply to this rule:

- a. Possession: Having the prohibited substance on the student's person or in another place where the student, either alone or jointly with others, has control over it. This may include, but is not limited to, possession of a prohibited substance in an automobile, locker, book bag, or desk.
- b. Use: The consumption, injection, inhalation, ingestion, or absorption of a prohibited substance into a student's body by any means.
- c. Under the influence: Having used a prohibited substance such that it continues to influence a student's mood, behavior, or learning to any degree.
- d. Counterfeit Substance: Any substance that is described or presented with the intention of deceiving another into believing that it is a substance prohibited under this rule.
- e. Unauthorized Prescription Drug: Any prescription drug or medication that is used or possessed by someone other than the person for whom the prescription was written.

f. Drug Paraphernalia: Objects that are used or intended to be used for ingesting, injecting, inhaling, or otherwise introducing a substance prohibited by this rule into the body, including but not limited to pipes, vaporizers, rolling papers, and syringes. Relevant evidence may be considered in determining whether an object is drug paraphernalia.

g. Conspiracy: An agreement by two or more persons to commit an unlawful act in violation of this rule.

h. Sell: To exchange a substance prohibited by this rule for money, property, or any other benefit or item of value.

i. Possess with Intent to Distribute/Sell: Intent to distribute or sell may be determined from relevant evidence such as the amount of the prohibited substance found; the manner in which it was packaged; the presence of packaging materials such as scales, baggies or other containers; and the statements or actions of students.

j. Distribute: To transmit a prohibited substance to one or more other students, with or without compensation. For purposes of this definition, a student has not "distributed" a prohibited substance (but may be guilty of "possession" or "use") if the student's sole involvement is to share or pass a prohibited substance with other students in the course of using it, so long as the student was not the one who brought the prohibited substance onto school property or otherwise made it available to other students.

When a first infraction of this rule involves solely possession, use, conspiracy to possess or use, and/or being under the influence of a substance prohibited by this rule, and a long-term suspension recommendation for violation of this rule is not supported by any other rule violations that independently support long-term suspension, an alternative to long-term suspension shall be offered.

The alternative shall consist of a short-term suspension of five (5) days on condition that the student participates in and completes an approved Alternative Counseling and Education (ACE) program. The program shall be designed by the superintendent and agreed to in writing by the parent, guardian, student, and school principal. Parents, guardians, and students shall be provided information by school authorities concerning approved ACE programs. Declining this opportunity or failing to meet any requirements of the ACE program reactivates the underlying long-term suspension or alternative education assignment.

III-2 Gang and Gang Related Activity: The Board believes that gangs and gang-related activities pose a serious safety threat to students and staff members of the Wake County Public School System and can significantly disrupt the educational environment. Even actions that are not innately dangerous, such as displaying hand signs, wearing items of particular colors, and speaking with special jargon

can substantially increase the risks of criminal activity and physical injury when those signs and signals are used to support, signal, promote, or encourage gang activity or affiliation. Students who feel pressured to participate in or condone gang activities are urged to seek help from teachers, administrators, parents, and law enforcement officers.

a. No student shall participate in any gang-related activities. For purposes of this rule:

i. A gang is any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of criminal acts, and having a common name or common identifying sign, colors or symbols.

ii. Gang-related activities are any activities engaged in by a student on behalf of an identified gang; to perpetuate the existence of an identified gang; to promote the common purpose and design of an identified gang; or to represent gang affiliation, loyalty, or solidarity.

b. Conduct prohibited by this rule includes:

i. Wearing, possessing, using, distributing, displaying, or selling any clothing, jewelry, emblems, badges, symbols, signs, visible tattoos and body markings, or other items, with the intent to convey or promote membership or affiliation in any gang;

ii. Communicating either verbally or non-verbally (gestures, handshakes, slogans, drawings, etc.), with the intent to convey or promote membership or affiliation in any gang;

iii. Tagging, or otherwise defacing school or personal property with symbols or slogans intended to convey or promote membership or affiliation in any gang;

iv. Requiring payment of protection, money or insurance, or otherwise intimidating or threatening any person in connection with gang-related activity;

v. Inciting other students to intimidate or to act with physical violence upon any other person in connection with gang-related activity;

vi. Soliciting others for gang membership;

vii. Committing or conspiring to commit illegal act in connection with gang-related activity.

c. When a first infraction involves only the wearing of gang-related attire, the student shall receive a warning and be allowed to immediately change or remove the attire as an alternative to disciplinary action.

d. The Superintendent or Superintendent's designee shall regularly consult with law enforcement officials to identify examples of gang-related items, symbols and behaviors and shall provide each principal with this information. Parents and students shall be notified that such information is maintained in the principal's office, that it is subject to change, and that the principal's office may be consulted for updates. In providing this information for parents and students, the school system acknowledges that not all potential gang indicators connote actual membership in a gang.

III-3 Weapons/Dangerous Instruments/Substances: No student shall possess, handle, or transmit any weapon, facsimile of a weapon, dangerous instrument/substance or other object that can reasonably be considered or used as a weapon or dangerous instrument/substance. This does not apply to any student who finds a weapon or dangerous instrument/substance on school property or receives it from another person on school property and who immediately reports the weapon or dangerous instrument/substance to school or law enforcement authorities.

The following definitions apply to this rule:

a. **Weapon:** Any firearm, BB gun, stun gun, air rifle, air pistol, ammunition, power loads, fireworks, knife, slingshot, leaded cane, blackjack, metallic knuckles, razors, razor blades except cartridge razors used solely for personal shaving, box cutter, mace, pepper spray, and other personal defense sprays, and any sharp- pointed or edged instrument except instructional supplies, unaltered nail files and clips and tools used solely for preparation of food, instruction, and maintenance.

b. **Dangerous Instruments/Substances:** Any object or substance that is possessed, handled, transmitted, or used for the purpose of causing or attempting to cause physical injury.

c. **Facsimile of a Weapon:** Any copy of a weapon that could reasonably be perceived to be a real weapon.

Note: Refer to Level IV: Rule IV-1 for violations involving Firearms/Destructive Devices.

III-4 Assault on a Student: No student shall cause or attempt to cause serious physical injury to another student. For the purposes of this policy, serious physical injury shall refer to any significant or aggravated bodily injury, including but not limited to broken bone(s), loss or chipping of teeth, loss or impairment of vision,

loss of consciousness, internal injuries, scarring or other disfigurement, significant bleeding, lacerations resulting in sutures, significant bruising, severe or prolonged pain, any injury requiring hospitalization for any period of time, and/or any injury resulting in medical treatment beyond simple first aid procedures.

III-5 Assault on School Personnel or Other Adult: No student shall cause or attempt to cause physical injury to any school employee or other adult.

Note: If a teacher is assaulted or injured by a student and as a result the student is reassigned to alternative education services, long-term suspended, or expelled, the student shall not be returned to that teacher's classroom unless the teacher consents.

III-6 Assault Involving Weapon/Dangerous Instrument/Substances: No student shall assault another using a weapon, dangerous instrument, or dangerous substances.

Note: Refer to Level IV: Rule IV-1 for violations involving Firearms/Destructive Devices.

III-7 Bomb Threats: No student shall make a bomb threat or hoax by making a false report that a device designed to cause damage or destruction by explosion, blasting, or burning is located on the school premises or at the site of school activities, or by placing or concealing an object or artifact on school property or the site of school activities so as to cause any person to reasonably believe the object or artifact to be a bomb or other destructive device.

III-8 Threats of Mass Violence: No student shall, by means of communication to any person or group, threaten to commit an act of mass violence on educational property or at a curricular or extracurricular activity sponsored by a school. For purposes of this rule, "mass violence" is physical injury that a reasonable person would conclude could lead to permanent injury (including mental or emotional health) or death to two or more people.

III-9 Sexual Assault, Sexual Offense, and Rape:

a. **Sexual Assault:** A student is guilty of sexual assault if they, for the purpose of sexual arousal, sexual gratification, or sexual abuse, engages in sexual contact with another person by force and against the will of the other person, or if the person being assaulted is mentally disabled, mentally incapacitated, or physically helpless and the person performing the act knows or should reasonably know that the other person is mentally disabled, mentally incapacitated, or physically helpless.

"Sexual contact" is the touching of the sexual organ, anus, breast, groin or buttocks of any person or a person touching another person with their own sexual organ, anus, breast, groin, or buttocks.

- b. Sexual Offense: A student is guilty of a sexual offense if the student engages in a sexual act with:
- (1) a victim who is a child under the age of 13 years and the defendant is at least 12 years old and is at least four years older than the victim, or
 - (2) with another person by force and against the will of the other person, and
 - (a) employs or displays a dangerous or deadly weapon or an article which the person reasonably believes to be a dangerous or deadly weapon,
 - (b) inflicts serious personal injury upon the victim or another person, or
 - (c) the person commits the offense aided and abetted by one or more other persons.

The difference between a sexual assault and a sexual offense is that a sexual assault involves forcible and intentional touching without penetration, and a sexual offense involves penetration of a sex organ or anus by any object, or touching another's mouth or anus by the male sex organ.

c. Rape: A student is guilty of rape if that person engages in vaginal intercourse with another person by force and against the will of the other person, or if the person being assaulted is mentally disabled, mentally incapacitated, or physically helpless and the person performing the act knows or should reasonably know that the other person is mentally disabled, mentally incapacitated, or physically helpless. Statutory rape is vaginal intercourse committed on a child under the age of 16 by a person who is at least 12 years old and at least 4 years older than the victim, regardless of whether the victim consented.

LEVEL IV

IV-1 Firearm/ Destructive Device K-12: As required by state law, any student in grades K-12 shall be recommended for suspension for 365 calendar days for bringing a "firearm" or "destructive device" onto school property or to a school-sponsored event off school property, or for possessing a "firearm" or "destructive device" on school property or at a school-sponsored event off school property. School property includes any property owned, used, or leased by the Board, including school buses, other vehicles, and school bus stops. Principals are required to refer to the law enforcement system any student who brings a firearm or weapon to school.

The following definitions apply to this rule:

a. Firearm: A weapon, including a starter gun, which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; or any firearm muffler or firearm silencer. The term does not include an inoperable antique firearm, BB gun, stun gun, air rifle, or air pistol.

b. Destructive Device: An explosive, incendiary, or poison gas bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine, or device similar to any of the devices listed in this definition.

Violation of this rule shall result in suspension from school for 365 days unless modified by the Superintendent or Board on a case-by-case basis.

The 365-day suspension does not apply to any student who finds the firearm on school property or receives it from another person on school property and who delivers the weapon, immediately, to school or law enforcement authorities.

LEVEL V

Level V is the most serious level in this Code. While there are no separate Level V rules, the violation of one or more Level II, III, or IV rules in this Code becomes subject to Level V sanctions – meaning that a student may be permanently expelled from the Wake County Public School System – if all of the following criteria are met: (1) the student is fourteen (14) years old or older; (2) both the principal and the superintendent/designee recommend expulsion; (3) the superintendent and Board determine, consistent with the Board’s “Due Process” policy, that there is a significant or important reason not to offer the student alternative educational services; and (4) the Board determines, by clear and convincing evidence, that the student’s continued presence in school constitutes a clear threat to the safety of other students or school staff.

Additionally, any student who is registered as a sex offender under [Article 27A of Chapter 14 of the North Carolina General Statutes](#) may be expelled in accordance with these procedures. If such a student is offered alternative education services on school property, the student must be under the supervision of school personnel at all times. This is a consequence of last resort. Principals are urged to consult with their area superintendents before recommending a student for permanent expulsion.
