

ORGANIZATION OF STUDENT TRANSPORTATION SERVICES

Policy Code: **6310**

The superintendent shall establish a student transportation services program consistent with Wake County Board of Education goals established in policy 6300, Goals of Student Transportation Services, and state and federal laws and regulations.

School personnel, volunteers, and private carriers are expected to be familiar with all duties imposed by law, board policy, or the superintendent.

School principals shall be responsible for supporting transportation for all buses that serve their schools.

Transportation **district management** shall report any behavior, improper loading/unloading practices, or any other issues interfering with the safe and efficient operation of any school bus to the school principal. **Such issues are reported by bus drivers to district management.**

Specific duties related to providing student transportation services should be included in appropriate job descriptions.
