Observations

- ▶ Amendment 1 (Option B1) simplifies the division of the Heritage High and Wake Forest attendance areas, as well as the Wake Forest municipal area
- ▶ Amendment 2 (Option B2) means that none of Knightdale is in District 2 and none of Garner is in District 4
- ▶ Amendment 2 (Option B2) also simplifies the division of the Knightdale High attendance area
- ▶ Both amendments move districts closer to the ideal population—though in a way that reduces the efforts to take expected growth into account
 - ▶ For example, District 1, which is expected to continue to grow quickly, would have a higher population under Amendment 1
 - ▶ District 4, which is expected to grow less quickly than other parts of Wake County, would have a lower population under Amendment 2
- ▶ More observations will likely be shared at the March 9th meeting
