

# Multi-Track Year-Round Instructional Calendars 2022-2023

## End of Year Retesting Dates

## **WCPSS participated in the End-of Grade (EOG) and End-of-Course (EOC) retesting during summer programs.**

- (Per DPI) Summer program remediation and readministrations of the EOG and EOC tests must occur after the conclusion of the student academic year (i.e., after students have been dismissed for the regular school year).

Banked days were used for Multi-Track Year-Round Schools on June 28<sup>th</sup> and June 29<sup>th</sup> so that schools could administer the testing prior to July 1<sup>st</sup>.

Several factors were considered when deciding use banked days in lieu of testing in July:

- Concerns over logistics for transportation and food service
- Concerns over staff availability
- Concerns over impact on “clopening” activities

# 2022-2023 Retesting Option

## **If WCPSS decides to participate in the End-of Grade (EOG) and End-of-Course (EOC) retesting during summer programs again in 2022-2023**

**Option 1:** Use the remaining 2 (two) banked days for June 29<sup>th</sup> and June 30<sup>th</sup>

Factors to consider:

- Multi-Track Year-Round schools will have no banked days built into the calendar

**Option 2:** Move December 22<sup>nd</sup> and October 10<sup>th</sup> days to June 29<sup>th</sup> and June 30<sup>th</sup>

Factors to consider:

- Using December 29<sup>th</sup> would reduce the number of days off for the winter break
- October 10<sup>th</sup> is a district-wide work day, but would not impact LETRS training for MTYR schools

# 2022-2023 Retesting Option

## If WCPSS decides to participate in the End-of Grade (EOG) and End-of-Course (EOC) retesting during summer programs again in 2022-2023

**Option 3:** Use the October 10<sup>th</sup> Teacher Work Day AND 1 (one) banked day for June 29<sup>th</sup> and June 30<sup>th</sup> (recommended option)

Factors to consider:

- October 10<sup>th</sup> is a district-wide Teacher Work Day, but would not impact LETRS training for MTYR schools
- Would only have 1 (one) remaining banked day in reserve

Current Early Release Days time (not needed for LETRS Training in 2023-2024) may be used moving forward if WCPSS decides to continue to participate in summer program retesting

# Review and Next Steps

- Staff is recommending to use a Teacher Work Day (October 10<sup>th</sup>) and a banked day in order to complete retesting for EOG and EOC if we decide to participate again in 2022-2023
- Early Release Days time (not needed in 2023-2024) may be used moving forward if WCPSS continues to participate in summer retesting in the future
- Staff will bring the Multi-Track Year-Round calendars for 2022-2023 back to the August 16<sup>th</sup> Board Meeting for Approval
