Abstract

We Need Diverse Books (WNDB) is a non-profit organization established in 2014 and seeks to promote literature that reflects and honors the lived experiences of all young people. Their mission is to put more books featuring diverse characters into the hands of all readers. The Educators Making a Difference Grant provides funds for K-12 schools to purchase books featuring diverse characters or written by diverse authors. The grant can also be used to conduct diversity audits of book collections and provide funding for student or community events.

Individual schools may apply.
