The Wake County Board of Education recognizes the link between student health and learning. The goals of student health services are:

- 1. to encourage the health and well-being of all students;
- 2. to integrate health-related services provided in the school setting, including those provided by counselors and health specialists;
- 3. to provide health services in a manner that reinforces the objectives of the healthful living education curriculum;
- 4. to work cooperatively with other governmental agencies and professional associations interested and involved in the health of students;
- 5. to use up-to-date research findings to develop and provide health services to students;
- 6. to meet all legal obligations; and
- 7. to provide courteous service to students and parents.

The superintendent shall establish student health services consistent with these goals, and state and federal laws and regulations.
